Check the table of contents for the topic you wish to learn more about. This is the quickest way to find the topic.

A description of the General Conditions is given after the explanation of the used terms. These are the conditions that apply for the entire insurance. After this, we then describe the conditions per cover. Your insurance cover is stated on the policy.

If you would like to know whether we reimburse your damage, do not just look at what is insured, it is also important that you look at what is not insured. The excess, the amount of the maximum reimbursement or other special details also possibly influence the amount that will be reimbursed.

Explanation of the used terms

The following terms and words are explained to ensure these policy conditions are as comprehensible as possible. The terms that appear in the conditions are given below. The terms that we use with the conditions per cover are explained separately in that chapter.

- **Cover:** the risks which you or your property are insured against are described in this. This insurance has various types of covers.
- **Current value:** the amount needed to buy an equivalent vehicle or parts, of the same make, type, age and/or operating hours. This also takes into account the quality and state of repair.
- **Driver:** the person permitted to drive or operate the insured object.
- **Excess:** this is the part of the claim that we do not reimburse. If the damage is to your own property then you receive the amount of the claim minus the excess. If the damage is to someone else then we mostly reimburse the entire claim, but then you have to pay us the excess.
- **Fraud:** fraud occurs when you intentionally mislead or try to mislead us in order to receive a reimbursement or benefit to which there is no entitlement. Also included under fraud is seeking to benefit in another way without being entitled to a reimbursement, allowance or benefit or when you intentionally provide us with wrong information.
- **Incident:** An event or series of related events resulting in damage or liability.
- **Insured object:** the object (work equipment) specified on your policy, including fittings and ancillary tools.
- **Insured value:** The value of the insured object as stated in the policy. The insured value equals the insured object's value as appraised by you and us.
- **Policy:** the documents showing how you are insured. The policy consists of one or more policy sheets, the associated policy conditions and any clause sheets.
- **Sanctions list:** a list of persons and organisations against whom sanctions have been imposed, drawn up by a country or organisation on the basis of national and international laws and regulations. These include sanctions lists of the Netherlands, the European Union, the United Nations, the United States, the United Kingdom, Belgium and France.
- **Sanctions laws and regulations:** any national and international laws and regulations on trade and economic sanctions, such as a sanctions list.
- **The insured:** the policyholder or owner of the insured object, or people in whose possession or keeping the insured object has been placed and people who have your permission to drive, operate or ride in the insured object.
- **Total loss:** If the repair costs minus the proceeds from selling off usable parts and scrap exceed the value of the object immediately before it is damaged in an incident, it is considered a total loss. Theft and embezzlement are also forms of total loss.
- **Traffic accident:** a traffic accident with the insured vehicle, for instance a crash, collision, being run over or running someone else over, fire, lightning strike and running off the road.
- **We/us/our:** TVM verzekeringen N.V.
- **You/policyholder:** the person who concludes the contract of insurance with us.

General Conditions

The conditions that are applicable on the entire insurance are set down in this chapter. Thus, please make sure that you read this carefully so that you will not have any unpleasant surprises later on. The details that you have supplied form the basis for the insurance.

1. Who are you insured with?

You are insured with TVM verzekeringen N.V., (Chamber of Commerce number: 53388992, Dutch Authority of the Financial Markets (AFM) registration number 12040443); www.tvm.nl. Our address is: Van Limburg Stirumstraat 250, 7901 AW Hoogeveen. Our postal address is: PO Box 130, 7900 AC, Hoogeveen.

By taking out this insurance you are entitled to apply for membership to the Coöperatie TVM U.A. This is not possible if the insurance is handled by an authorised agent of TVM or if your company is not domiciled in the Netherlands. The Cooperative Association TVM U.A. is entitled to cancel the membership if the insurance is going to be handled by an authorised agent. An authorised agent is someone or an organization that may accept insurance on our behalf.

The law of the Netherlands is applicable on this insurance.

2. What rules are in place for the commencement and end of the insurance?

2.1. Commencement date and renewal of the insurance

- The insurance commences on the commencement date stated on the policy.
- The contract renewal date of your insurance is also stated on the policy. If you do not conclude a new agreement with us before this date, then the insurance is automatically renewed for a period of twelve months.
- You have no entitlement to compensation for damage that is the result of an event, which occurred before the commencement date of the insurance.

2.2. When can you terminate the insurance?

- You can terminate the insurance at any given moment in writing if you have not concluded any new agreement with us after the first contract term. A notice period of one month applies for this.
- You can terminate the insurance in writing per contract renewal date, if you have agreed a (new) contract term with us. A notice period of two months is applicable in such an instance.

2.3. When can we terminate the insurance?

- We are entitled to terminate the insurance per contract renewal date if we inform you of this in writing two months before the contract renewal date.
- We can terminate the insurance with immediate effect if:
 - you do not pay the premium or the excess at all or on time;
 - you intentionally mislead us when taking out or during the term of the insurance by providing incorrect or too little information;
 - you have not supplied the correct information in the event of a claim;
 - you change your business activities;
 - your company goes bankrupt. We do not provide cover from the moment you are declared bankrupt;
 - you, by court order, may defer your payments (suspension of payments);
 - your company ceases to exist;
 - it is established that there is a case of (an attempt to commit) fraud involving this insurance or any other insurance taken out with us. We shall be entitled to terminate all insurance policies that you have with us as of the date of the letter in which we inform you accordingly;
 - you no longer have an interest in the insurance (such as in the event of total loss or sale of the insured object). It is important that you inform us of this as soon as possible, but in any case at least within seven days.

We refund any premium paid in excess. We will not do this in the event of fraud.

- We are entitled to immediately terminate the insurance in relation to sanction legislation if:
 - you are included on the sanctions list;
 - you are a legal person, of which a holder of 25% or more of the shares is included on the sanctions list;
 - you are a legal person and controlled by a person (natural or legal person) included on a sanctions list. Consider here, amongst others, a director and/or a supervisory director;
 - sanctions laws and regulations prohibit us from executing your insurance.
- We may terminate the insurance in the interim with two months' notice if you fail to cooperate in establishing the beneficial owner ('UBO') of your legal form. This includes your failure to complete a UBO form or to do so on time.

If one of the above points apply to you or if national or international rules apply that forbid or restrict this, then:

- we will not provide cover under this insurance;
- we will not make any payments to you or on behalf of you;
- we will not refund any premiums paid in excess or advance;

For so long as the sanctions apply, we will not be obliged to do so.

3. May we change or terminate the insurance in the interim?

3.1. Change to your insurance

We are allowed to change the premium and/or conditions of your insurance in the interim. You will receive a letter or e-mail from us at least 30 days before the change takes effect.

3.2. Do you object to the changes?

If you object to the changes, you are entitled to cancel the insurance. You may simply inform us by means of a letter or email that you wish to cancel the insurance. You should, however, do so within 30 days of the date of our notification of implementation of the change. The insurance will then be terminated as of the date of implementation of the change. This date is listed in our message. If you fail to send us a letter or email within the aforementioned 30 day period, then the changes will also apply to you.

3.3. In what circumstances are you not entitled to cancel the insurance?

You cannot cancel the insurance if the change is due to:

- an amendment to legislation or regulations or if it follows from case law;
- an extension of the cover;
- a reduction in the premium;
- an alteration that is either in your favour or bears no further consequences in your case;
- a premium adjustment on the basis of indexation.

3.4. Termination of your insurance

It is in everyone's interest that we remain capable to of fulfilling our service obligations in the future. In exceptional cases it may be necessary for us to terminate the insurance in the interim. We then do this simultaneously for an entire group of clients or insurances in the same way and at the same time. A situation may arise in which a termination cannot wait until the insurance is renewed, for example because it may have serious financial consequences for us or because legislation obliges us to do so.

Explanation:

Special cases are, for example, where we cannot, or cannot at a reasonable premium, reinsure us against certain risks. Or if legislation prohibits us from insuring certain risks.

If we are going to terminate the insurance in the interim, we will, of course, always let you know beforehand. By letter or e-mail we will then explain exactly why we are terminating the insurance in the interim.

4. How do we treat your personal data?

When you request insurance, we ask for your personal details. We are a subsidiary of Coöperatie TVM U.A. Coöperatie TVM U.A. and its subsidiaries share your personal information, also amongst themselves, for the following purposes:

We also exchange your claim history and insurance details with the Central Information System Foundation (CIS). We do this in order to adopt a responsible policy for handling claims and accepting insurance risks, and to combat fraud. In this respect, we follow the privacy regulations of the CIS. If you would like to know more, go to www.stichtingcis.nl.

5. What can we do in case of fraud?

In case of fraud, we can report it to the police and take the following measures.

- We register your details in the database for insurers maintained by the CIS foundation, with the Fraud Office at the Dutch Association of Insurers' Centre for the Prevention of Insurance Crime (CBV), and in TVM verzekeringen's internal Events Administration or Incidents Register.
- We can recover from you any (investigation) costs incurred and/or damages paid.
- If we engage the service organisation for liability claims (SODA), then you will be charged at least the standard fee set by SODA.
- If SODA is not engaged, we can charge you for the actual internal investigation costs incurred.
- We can terminate all insurance policies you have with us.

6. What are your options in the event of complaints?

If you have a complaint then do not hesitate to contact us. If your complaint cannot be resolved by our employee, then you can submit your complaint by using our [online complaint form](#). Or you can send an e-mail to klachtenloket@tvm.nl. If you are not satisfied with the solution we propose, you can then choose to submit your complaint to Dutch court or, if you are a consumer, small business entrepreneur or independent contractor, to the Dutch Institute for Financial Disputes (Kifid), PO Box 93257, 2509 AG THE HAGUE or via www.kifid.nl.

7. What obligations are imposed on you?

7.1. What do we expect from you?

We expect you to:

- comply with the rules applicable to this insurance;
- comply with government regulations;
- supply us with the correct information when taking out the insurance;
- inform us immediately about changes during the term of the insurance, such as:
 - a change in the business activities;
 - a company takeover;
 - a change of your address and/or contact details or bank account number.
- pay your premium and excess on time;
- inform us if the insured object will be outside the Netherlands for longer than eight consecutive weeks.

7.2. What if you do not meet the obligations?

Your failure to comply with the obligations under this policy may prejudice us. If we are prejudiced by this, we will be entitled to:

- not or only partially pay your damage;
- terminate the insurance immediately;
- increase the premium;
- have you reimburse use for payments made and/or the costs we have incurred.

8. What should you do in the event of a change of business activities or a company takeover?

A change in business activities or a company takeover should be reported immediately to us. We will inform you whether we will continue to offer the insurance and if yes, for which conditions. You will be informed of this 30 days after we have received the information from you. No cover will be provided for the changed risk until we have issued confirmation of (provisional) cover to you.

9. How do we establish the premium?

We calculate the premium per insured object on the basis the coverage you select and the insured sums.

We are entitled to adjust the premium to the price developments each year. We use for this the consumer price index for households of Statistics Netherlands (consumentenprijsindex voor huishoudens van het Centraal Bureau voor de Statistiek (CBS)).

10. What rules apply for the payment of the premium?

10.1. Payment of first premium

- The insurance commences on the agreed date, when you pay the first premium within thirty days after the invoice date. If you fail to do this: Then we assume that you are no longer interested in taking out the insurance. Then you were not insured with us.

10.2. Payment of following premiums or any excess

- You pay the following premiums within thirty days after the invoice date. This also applies for any excess that we charge you. If you fail to do this: Then we will send you a payment reminder.
- If you do not pay or do not pay on time after receiving the reminder:
 - After 15 days, calculated from the date when we send you the reminder, you will no longer receive compensation for any new claims.
 - In this case, we shall also be entitled to terminate the policy.
 - If you do pay, but not on time and we have not yet terminated the policy, you will once again receive compensation for new claims as of the day following the day on which we receive payment.
- You are always obliged to pay the premium or a charged excess. If we initiate a (legal) process for the payment that you have to pay, then any associated (collection) costs incurred are for your expense.

11. What is not insured?

We provide no assistance and pay no claims if the related damage is caused during or as a result of:

- other use than is explicitly agreed, such as:
 - paid transport of persons;
 - giving driving lessons;
 - participating in speed and contests of skill and training for this;
 - participating in festive processions.

We define festive processions as events with persons on a trailer, semi-trailer, or cart, and/or where persons walk around the vehicle. Examples include carnival and championship parades, flower and fruit parades, etc. If you participate in such a parade, please contact us to discuss the insurance possibilities.

- a driver who was not permitted to drive or operate the insured object. We understand this to mean a driver who is not qualified or considered competent to participate in road traffic;

For example: someone who has no valid driving licence or is disqualified from driving, or when the driver is driving under the influence of so much alcohol, drugs or medication that he/she should not be considered capable of driving a vehicle. This is in any event the case if the legally permitted maximum (promille/ugl) has been exceeded.

- a driver who has stolen the insured object or who is aware that it has been stolen;
- a driver who refuses to cooperate with a breathalyser, urine or blood test;
- intent, conditional intent, recklessness or with the approval of an insured;
- fraud.

There is a situation where the abovementioned claim is though covered. This is when you can prove that you were

unaware of the situation and you also did not want it to happen. And you could also not prevent the situation.

We further provide no assistance and pay no claims if these have been caused by:

- nuclear reactions, we understand here any nuclear reaction in which energy is released such as nuclear fusion, nuclear fission or artificial and natural radioactivity;
- acts of war, we understand here:
 - Armed conflict
Armed conflict is understood to be any conflict in which at least one nation state or organised party combats another state or organised party with the use of military force. Armed conflict also includes military action conducted by a peacekeeping force of the United Nations.
 - Civil war
Civil war is understood to be a more or less organised violent struggle between inhabitants of a nation state, in which a considerable number of the inhabitants of the state are involved.
 - Insurrection
Insurrection is understood to be an organised violent resistance within a state, directed against the public authorities.
 - Civil commotion
Civil commotion is understood to be more or less organised violent acts occurring in several places within a state.
 - Riots
Riots are understood to be a more or less organised local violent movement directed against the public authorities.
 - Mutiny

- (bio)chemical, biological or electromagnetic weapons;
- seizure by a Dutch or foreign authority.
- transport of hazardous substances:
 - that fall under the Regulation on the Carriage of Hazardous Substances by Land;
 - that fall under a similar law when transporting in a foreign country.
- piledriving work;
- demolition work.

We also do not reimburse claims:

- if the insured object is longer than eight consecutive weeks outside the countries of the European Union;
- if the aim is to cause damage through the use of computers and software;
- on cases where this is not permitted according to national or international regulations;
- to persons, companies, authorities and other parties where this is not permitted because of national or international agreements.

12. Is the damage also insured under another policy?

Are there other insurance policies or facilities that also pay the same claim? Then you are expected to immediately inform us about these policies.

We do not pay a claim:

- if this claim is already paid on the basis of a facility, the law or another insurance policy or;
- if the damage would have been compensated if this insurance policy with us did not exist.

If this insurance policy covers more than the amount compensation by this scheme, law or other insurance policy, because the insured sum is higher or the policy conditions are different, we will only compensate the amount of damage that exceeds the higher insured sum or that you are entitled to receive under the policy with different conditions. We will not pay the excess (if applicable) stipulated in another policy.

13. When do we recover the paid claim?

We are entitled to recover a paid claim and incurred costs if:

- the driver has consumed more alcohol than the legal limit allows;
- the driver was under the influence of a stimulating or narcotic substance or medicine. This does not apply if it is taken on the advice of a doctor, unless the driver should have known that the substance or medicine can impair the driving ability;
- the driver did not have a valid licence;
- the driver or the insured intentionally or through recklessness behaviour (partially) caused the claim;
- the insured was pleased that a claim occurred;
- for another reason no cover exists;
- someone used the insured object without your permission; Then we recover the claim from the person who used the insured object;
- someone else is liable. Then we recover the paid claim from the other person.

14. In which countries are you insured?

You are insured in the countries in which your green card (International Motor Vehicle Insurance Certificate) is valid.

If we have agreed something else with you on the coverage area then this will be stated on the policy. If this area is more limited than herein above and you cause damage outside the agreed area, but within the area herein above, then you have an additional excess of €2,500 for the third party liability and comprehensive insurance covers.

If a frontier insurance is required for a country, then you have to make use of this. The cover of the frontier insurance supersedes the cover of this work equipment insurance.

15. What should you do in the event of a claim?

The claim should be reported to us as soon as possible within three days at the very latest. This can be done in the following ways:

- Internet www.mijntvm.nl
- Telephone +31 (0)528 29 27 00
- E-mail smd@tvm.nl
- Post Antwoordnummer 70
7900 VB Hoogeveen

In the event of theft, you should always immediately contact TVM assistance: +31 (0)528 29 29 11.

After which, you should forward the completely filled out claim form to us within seven days after reporting.

15.1. What should you do in the event of a claim?

You are obliged to:

- immediately contact and report to the police in case of theft, break-in/forcible entry, misappropriation, or loss. We shall engage the Insurance Bureau for Vehicle Crime (VbV) to find the insured object;
- supply all the information that could be important for the settlement of the claim. This is for example the case when someone else is liable for the damage;
- cooperate in order for the claim to be settled quickly and properly;
- forward the original supporting documents at our request;
- forward all documents that relate to the claim to us as soon as possible.

You are also not allowed to make any commitments, statements or undertake actions regarding compensation for damages.

If you do not adhere to these rules, we could suffer a loss as a result. Then we are entitled not to pay or only partially pay your claim. You can read in article 7.2 'What if you do not meet the obligations?' about the additional consequences this can have for you.

15.2. What should you know in the event of a claim?

- We can engage counsel if criminal proceedings are instituted against an insured.
- If you make a claim, you automatically authorises us to settle this claim on your behalf.
- We are entitled to pay directly to the benefit claimant.

15.3. Who determines the claim?

- We can bring in a loss adjuster to assess your claim. We will also pay the related costs.
- If you do not agree with our loss adjuster's assessment, you may bring in your own loss adjuster, but in this case, you will have to pay the costs in advance and subsequently reclaim them.
- You must have reasonable grounds for bringing in your own loss adjuster. For example, the costs of the loss adjuster must outweigh any difference you expect in the assessment of the damage.
- We will in any case pay the costs of your loss adjuster up to the amount charged by our loss adjuster. If the costs of your loss adjuster exceed the costs of our loss adjuster, we will only pay the additional amount if they are reasonable.
- In case both loss adjusters cannot agree, a third loss adjuster will be appointed by both loss adjusters prior to the substantive examination by the second loss adjuster. If both loss adjusters cannot agree, the appointed third loss adjuster will determine the extent of the damage. This determination is binding on you and on us. The costs of this third loss adjuster will be compensated by us.

16. How is a claim as a result of terrorism arranged?

A claim caused by terrorism is reimbursed based on the Claims Settlement Protocol and the accompanying Terrorism Cover Clause Sheet of the Dutch Reinsurance Company for Terrorism Damages (clausuleblad terrorismedekking of the Nederlandse Herverzekeringsmaatschappij voor Terrorismeschaden (NHT)). If you want the complete text of the protocol and the clause sheet, please go to: nht.vereeende.nl or www.tvm.nl.

This means that if you have suffered damage as a result of an act of terrorism your claim might not be fully reimbursed.

What does your insurance cover?

This chapter describes the conditions per cover. The cover that you have taken out is given on the policy.

17. Third Party liability (damage to another person)

With this cover, you comply with the regulations of the Motor Insurance Liability Act (Wet Aansprakelijkheidsverzekering Motorrijtuigen (WAM)) to insure your truck. You have this cover if it is stated on your policy. The overview below states what is and is not insured.

Is the insured object a trailer? Damage caused by disconnected trailers that have been safely brought to a standstill out of traffic is insured to a maximum of €125,000 per incident. This only applies if no preceding insurance exists; • damage suffered by third parties or their goods caused by a falling load/cargo. <p>You are also insured if you cause damage with the insured object to your own property. This does not apply to items that you rent, lease or have on loan. <p>In Article 11 'What is not insured', Article 12 'Is the loss also insured under another insurance' and Article 16 'How are claims resulting from acts of terrorism settled?' you will find what else is not or not fully insured.</p>						
<p>Excess</p>	<p>The applicable excess is stated in the policy. Attention: See Articles 14. 'In which countries are you insured?' and 17.1. 'Excess in case of damage to underground goods'.</p>

But this is for your own account. • If the ruling is then in your favour: We reimburse the costs incurred up to a maximum of the insured amount after the ruling. • Has someone else caused your damage? And it is probable that he or she is not capable of compensating this damage? Then TVM rechtshulp compensates you for this damage up to a maximum of €1,250. It must though be established that you are entitled to this compensation. It must also be established that you could not be compensated for the claim in another way. • We only handle disputes that concern an interest of more than €125. This minimum interest does not apply for traffic and criminal actions. • TVM rechtshulp may terminate the handling of a case and buy it off if the interest of the case does not balance the costs of the legal assistance that have to be incurred. You are then entitled to compensation of an amount that is equal to the interest of the case. • TVM rechtshulp advances costs related to the handling of the dispute. These can be, for example, extrajudicial costs, legal costs and deductible VAT. If you are reimbursed for these costs, for instance because the court decides so, you pay these costs back to TVM rechtshulp. • If, during the handling of your dispute, invoices become eligible for reimbursement and you can offset the VAT on them, we will not reimburse this VAT; • Is it unclear whether there really is a legal problem? Then you must have an expert report drawn up. This must include the cause, perpetrator and consequences of the damage. If this report shows that there is a legal problem, TVM rechtshulp will handle the case.
